

Development education workshops

for second-level schools involved in global learning partnerships.

Is your school involved in a learning partnership with a school in the global South?

Do you want your students to learn about global development issues and how to work in partnership with another school?

Are you keen to introduce a new group of students to your school's WorldWise project?

WorldWise, the Irish Aid Schools Linking and Immersion Scheme, together with IDEA, the Irish Development Education Association, have created a suite of three development education workshops designed specifically for WorldWise schools:

Workshop 1:

An Introduction to Development and School Linking

Workshop 2:

Setting a Global Context for your School Partnership

Workshop 3:

Country/issue specific session, tailor made for individual schools.

A panel of IDEA facilitators (detailed overleaf) is now available to deliver these workshops to schools all over Ireland. The workshops are designed to be run as a suite of three. Each workshop costs €120 and runs for approximately two hours. WorldWise schools may use part of their Project Grants to pay for the workshops.

WORLDWISE

For more information or to make a booking, please contact a member of the **WorldWise team** on **(01) 887 1257** or **worldwise@leargas.ie**

IDEA members
