FREE SCHOOLS' WORKSHOPS AT THE NEW IRISH AID CENTRE

By taking part in our interactive workshops and guided tour of the Irish Aid exhibition, students will learn about the realities of life in a rural African community and learn about how Ireland is working with other countries to fight hunger and poverty in some of the poorest countries in the world.

Since 2008 over 32,000 students have taken part in our workshops.

"I come every year, the students always enjoy it and it's very beneficial for the unequal world studies in geography".

"Far beyond our expectations. It was informative, interactive and engaging. Pitched at the perfect level for the students".

"Very informative, great help to students as they complete their CSPE project".

Students from Chanel College, Coolock
